MEMBERSHIP CATEGORIES & FEES as of December 2, 2014

The YMCA is a nonprofit, health and human services organization committed to helping all people grow in spirit, mind and body. To insure that our programs and services are available for all, we have a financial assistance program that reduces membership fees based on household income and size. We encourage households with multiple individuals to apply if your total household I income is \$55,000 or less, individuals with annual income less than \$38,000, and others with extenuating financial circumstances. Applications are available at the YMCA Service Center and online at www.marionfamilyymca.org.
